

REMARKS

Claims 1-27 were pending in the above-captioned patent application prior to this amendment. Claims 2-11, 23, 24 and 27 are amended herein. Claims 20-22 are canceled.

In response to the restriction requirement set forth in the Office Action of April 11, 2007, Applicant hereby elects the invention of Group I. Prior to this amendment claims 1-19 and 26 were included in Group I as set forth by the examiner in the April 11, 2007 Office Action. However, claims 23 and 27 have been amended to depend from claim 1 and therefore, are now part of the Group I claims along with claims 24 and 25 which depend from claim 23 either directly or indirectly. The Group III claims have been canceled without prejudice or disclaimer of the subject matter contained therein. Thus, claims 1-19 and 23-27 are believed to be properly considered the Group I claims. Dependent claims 2-11 have been amended only to secure antecedent basis of the preamble language with the preamble of claim 1. The amendments to claims 2-11, therefore, are non-narrowing amendments. The amendments to the other dependent claims have been made for purposes of clarification or, in many instances, to secure antecedent basis with the claim(s) from which they now depend. The application is believed to be in condition for allowance and such action is respectfully requested.

The Examiner is invited to call the undersigned at (317) 231-7341 to discuss any outstanding issues or concerns so that allowance of the present application may be expedited. It is respectfully requested that, if necessary to effect a timely response, this paper be considered as a Petition for an Extension of Time sufficient to effect a timely response and that shortages in fees, if any, be charged to the Account of Barnes & Thornburg, Deposit Account No. 10-0435, with reference to our file 7175-71861.

Respectfully submitted,
